

The Path of Manifesting

Receiving

"I receive and acknowledge this inspiration and continue looking for clear confirmation."

Believing

"I know it's possible and what I'm feeling is true. The choice is mine which path to pursue."

Loving

"I have chosen and accept this gift to impart. Now, deep within me and safe in my heart."

Sharing

"Sharing with those who support my dreams. Nurturing and changing, we flow like a stream."

Creating

"We see it, smell it & feel it, in animation. A physical form shaping from this creation."

Accepting

"I am learning and growing to be a better me. Expressing my love on life's journey."

Forgiving

"I didn't understand and now I do. I did my best I know this to be true."

Honoring

"What I thought and who you are, were not the same thing. I release all expectations and create an opening."

Changing

"I change my perspective, and as I do, my reality shifts the understanding of you."

Surrendering

"I choose to feel relief and I am ready for change. To do whatever it takes to make it rearrange."
